

BGR NEO

**Reimagining
human values
with machine**

Our Story

- ◆ Part of the 2000 Cr BGR Group employing over 2000 professionals in Product & Infrastructure Engineering Segment.
- ◆ Continuously investing in Technology based performance enhancing solutions & engineering products for superior customer experience.
- ◆ BGR NEO has defined growth by successfully developing 60+ Unique Robotic & SPM led automation solutions.
- ◆ Well equipped in-house Assembly & Testing facility backed by the Group's 7 Heavy Engineering factory between Chennai & Sricity
- ◆ Committed, Curious & Agile enterprising Team seeking innovative challenges and delivering customized quality solutions

Industries We Transform

AUTOMOBILE

ELECTRONICS

**STEEL &
INFRASTRUCTURE**

PLASTIC

**PHARMA, FOOD &
BEVERAGES**

**GENERAL
ENGINEERING**

**AEROSPACE
& DEFENCE**

**FORGING
& FOUNDRY**

Purpose

To create **positive impact** in the lives we touch

Vision

To be a **global leader** and the partner of choice in the **NEO World of Automation**

Mission

To achieve **customer delight** and forge **long-term relationship** by delivering high quality innovation and reliable solutions on agreed timelines and cost

Value

Ownership - Positive impact
Excellence - Continuous improvement
Innovation - Integrity

The Automation Culture

Automation addresses the **MOST** important **NEEDs** of Industries

SAFETY

EFFICIENCY

RELIABILITY

REPEATABILITY

- ◆ Mitigates Risks to Human Life.
 - Works in Unsafe conditions viz. high temperatures & heavy weights.
- ◆ Machine Learning facilitates Repeatability & Continuity.
- ◆ Artificial Intelligence ensures Availability & propels continual improvement of Performance.
- ◆ Enhances Customer Satisfaction.

Enables you to meet your customers' needs with Consistency, Scalability & Sustainability

Applications

- ◆ Demonstrating unique & customized solutions across a variety of applications and to name a few:

EOL Packaging and Palletizing Line

Truck Loading Automation

Robot - Precise Drilling & Milling and deburring of Aircraft parts

Robot - Palletizing / Depalletizing

Robot Handling

Robot - Skimming

Assembly & Testing Line

Robot - Coil Welding

Conveyor Automation

OSG Testing Line

Robot - Sugar Dumping

Sling-Lean Assembly Line

Robot - Gel Potting

Cobot - Stud Welding

Robot - Water Jet Deburring

Robot - Oil Dispensing

Machine Tending

Robot - Lead Plate Handling

Robot - Deburring

Robot - Glue Dispensing

AGV/AMR
